Dear Students,

Congratulations, you have reached the final week of blended learning and we all look forward to resuming school with every grade in attendance next week. In saying this, I ask that you continue to hit the finish line at pace so that you are prepared for next week's classes with your teachers. It is important that you return to school with all of your weekly tasks that require submission finalised and any assessment submitted as required. As we prepare to return next week, here are some points to be aware of:

- Mr Power will email you a timetable this week. It is important that you print this and bring this to school as some of your classrooms prior to the holidays may have changed.
- It is recommended that you bring your own water bottle.
- Our expectations around behaviour, attendance, uniform etc. will continue to be high. This means that your sports uniform is worn on Monday, Wednesday and Friday and your formal uniform is worn on Tuesday and Thursday.
- Our canteen toilet facilities are currently being renovated. We will have hire toilets installed onsite which are available to use in addition to our other toilet blocks.
- Hand washing is required upon entry and exit to every classroom where these facilities exist. If there are not handwashing facilities, then each teacher has a bottle of hand sanitiser that **MUST** be used on entry and exit of every classroom.
- If you have had trouble with any of your schoolwork, make sure to make some time with your teacher to go through this. Continue to email your teachers with any questions you may have.
- We are unable to hold assemblies, excursions, sporting events until further notice.
- Tuckshop will be in operation as per normal.

As you prepare to transition back to schooling next week, it is important to prepare yourself for your back to school routines through this coming week and not waiting until Sunday night. Some things that might help you to prepare include:

- waking up at the same time every day
- eating regular meals
- going to bed at the same time
- doing some form of exercise every morning
- communicating with a friend each day.

I have also included the [link](#) to your assessment planners for the rest of the term. It will be important for you to talk with your teachers when you return as some of these dates will continue as planned and others will be adjusted.

Good luck with your learning this week, we look forward to seeing you all on Monday the 25th of May.
