Good afternoon Parents/Caregivers and Students

I hope that your first day of learning for Term Two has progressed well. It has been pleasing to see the learning that has happened via both our online platforms and also at school today. I hope that today has gone as well as possible for your child who is involved in learning. We know that the systems across the state were intermittent today and the Department of Education has worked today to hopefully move towards rectifying these issues.

I have attached two documents for you. The first document is the timetable of staff who are on duty to answer any online requests during lesson times. These people are able to be emailed and will in some cases be able to respond immediately while other requests may take up to 24 hours to respond. The second document has the weekly tasks required to be submitted by students each week. These tasks are required to be completed and returned as required to each child's regular teacher.

Our school will continue to be available to support both your child and yourself during this time and if we can be of any further assistance please do not hesitate to contact the office.

Thanks for your positive messages and support today, these certainly helped as we worked through some of the frustrations of the day.

Yours faithfully,

A handwritten signature in black ink, appearing to be "Marcus Jones", written in a cursive style.

Marcus Jones

Principal
