

Bright Minds for a Bright Future

Scholarships available!

Our Academy ONE Program promotes

Individual Talents

The talents of each student are nurtured by our specialist trained teachers, providing support to a high level curriculum that encourages students to become leaders in their field.

Academic Excellence

Students invited into the program must demonstrate a high level of academic ability in the core areas of Maths, English, Science and Humanities.

Personal Learning Plans

Each student will be provided a mentor who will work with your child on specific goals and targets accessing a wide variety of higher order thinking and advanced problem solving skills.
